

# iK 25/2V

Fork kneading machine for pizza, pastry and bakery

### **EXTERNAL CONSTRUCTION**

- ☐ Structure in powder painted stainless steel
- ☐ Fork and basin in stainless steel
- ☐ Protective transparent cover
- Thick frame to avoid vibrations in every working phase
- ☐ Push-button panel on left side
- Machinery on rotating wheels

## INTERNAL CONSTRUCTION

- ☐ Motorization with bath oil motoreducer
- ☐ Drive belt
- ☐ Rotating transmission parts are assembled on self lubricating ball bearings.
- ☐ Electrical equipment with low-voltage auxiliary circuits
- Safety device for transparent cover

### **OPERATION**

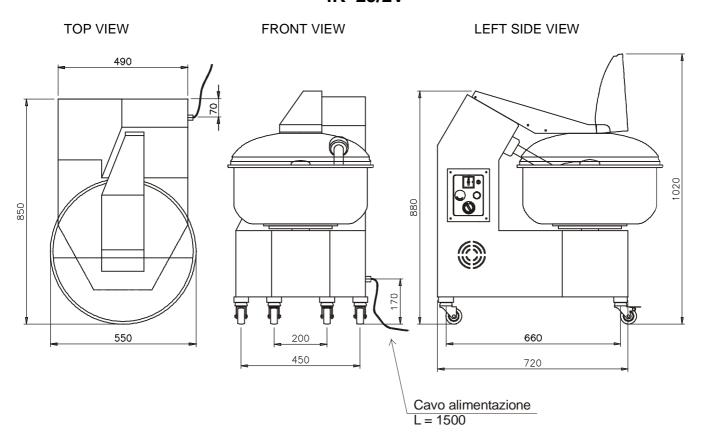

- Dough homogenity and oxygenation by the combined rotating movement of the fork and basin
- ☐ The shape of fork assures a low and constant temperature of dough during the working
- □ Possibility to mix maximum 25 Kg in few minutes and different food products

## STANDARD EQUIPMENT

- ☐ Fork
- Basin
- Rotating wheels with brake
- □ Timer
- 2 speeds

Note: The dimensions indicated in the views are in millimetres

#### **SPECIFICATIONS**

Fork kneading with wheels ideal for small spaces. To the construction are used height quality and robustness materials. Thanks to the particular shape of fork and to the rotating movement of the utensil combined with that lo of the basin, the kneading fork, gives possibility to mix in few minutes 25 Kg dough, and assures very good homogeneity and oxygenation. The model assure constant temperature of the dough from beginning to end working, so eliminate the danger of incidental overheating. The transmission system is particularly silent because all parts are assembled on waterthigt ball bearings with bath oil motoreducer, free maintenance. The machinery is provided of two speeds motor, timer and indispensables safety devices.

#### **TECHNICAL FEATURES**

DIMENSIONS		SHIPMENT INFORMATIONS		FEEDING AND POWER	
External height	880 mm	Packed machinery:		Standard feeding	
External depth	850 mm	Max height	985 mm	A.C. V 400 3 50Hz	
External width	550 mm	Max depth	935 mm		
Weight	141 kg	Max width	690 mm	Feeding on request	
		Weight	(141+27) kg	A.C. V230 3 50 Hz	
BASIN CAPACITY					
				Power	0.75/1.1 kW
Capacity (dough )	25 kg				
Capacity (volume)	35 I			On request	frequency 60 Hz
Basin internal diameter	500 mm				
Basin internal height	200 mm				
Fork external diameter	196 mm
